Daniel Nourbarangue is our sponsored child in Chad through World Vision. Please drop your change in the can by his display in the main Youth room. For \$30 a month we can help with medical and educational needs for Daniel and access to clean water for his community. He lives with his parents, 5 brothers and one sister. Daniels' community is poor and family homes are made of mud & brick with thatch roofs. Their diets consist of mainly millet & sorghum made into cereal. Won't you be a sponsor??
